

SHUMAKER INDUSTRIES DONATES LOAD AND GO READY MIX TRUCK WASH® SYSTEM FOR THE ANNUAL AUCTION AT WORLD OF CONCRETE

Wash your ready mix trucks in less than one minute with Shumaker Industries' Load and Go Ready Mix Truck Wash® system for concrete mixer trucks. This proven automated wash system uses purposely targeted high-pressure water to remove concrete and cement dust from your mixer as it leaves the batch plant. The Load and Go is designed to thoroughly clean the mixer body, hopper and discharge blades after loading using 72-88 nozzles spraying fresh water at 1,200 PSI using only 35 gallons of water per wash.

Reduces labor costs | Reduces fuel costs | Reduces maintenance costs
Reduces water waste | Increases productivity | Increases safety

New Standard Features Include:

Interactive Mixer Position Recognition (IMPR) feature tracks the mixer as it pulls through the wash rack and communicates with the driver via a red/yellow /green light. By going slow when the light is yellow and stopping when the light is red, the driver gets the mixer in the "sweet spot" every time. The system will even instruct the driver if he/she went too far with a flashing red light; which will stop flashing when he/she is in the correct position. The IMPR

feature with the standard updated PLC also controls the sequence of the spray bars relative to the position of the mixer – reducing wasted water while optimizing efficiency and consistency.

Upgraded Touch Screen PLC not only is the brains behind the IMPR but is now more capable and more flexible. The new standard PLC can differentiate between front and rear discharge mixers and/or dump trucks and actuate the correct spray bars for the vehicle going through the Load and Go.

Three independently actuated sets of stainless-steel spray bars result in more angles of attack on the build up around the discharge end mixer and the discharge fins in the drum and even more control on how much water is entering the mix during the wash down process. Since 100% of the water being directed into the drum comes exclusively from the hopper/ discharge fin cycle, the amount of water entering the mix is extremely consistent (+-.5 gal.) verses manually washing down with a hose.

"We have been a family business dedicated to serving the ready mix industry for 67 years. Many of our customers have been working with us over three generations and are very much like family. We are grateful for those relationships and donated the Load and Go to support CIM which has done such a great job promoting the industry that we all strive to grow."

REGISTRATION AND PARTICIPATION INSTRUCTIONS

If you will be on-site in Las Vegas at World of Concrete:

Step 1: Use your cell phone and text CIM2020 to 76278 and follow the instructions. This will give you access to the silent auction site, where beginning in early January you will be able to place bids on all of the items in the silent auction. This is how you will continue to bid on silent auction items through the event. This process will also pre-register you for the live auction. If you would prefer to register using your computer, visit <http://cim2020.givesmart.com>

Step 2: Beginning at 11am PST on the morning of the auction, come to room N263 and pick up your bid book for the live auction, at which time you will be provided with your bidder number. You will use this bidder number to bid on all of the items in the live auction (the phone app is not used for bidding on live auction items).

If you will NOT be on-site in Las Vegas at World of Concrete:

Step 1: Visit <https://www.rbauction.com/heavy-equipment-auctions/c-i-m-charity-auction-2020901> for details and to register to bid in real-time through the internet on all of the items in the LIVE auction. To participate in electronic live auction bidding, bidders should register a week in advance. *Please note: Administrative fees and bid deposits waived for all bidders.*

Step 2: On your cell phone, text CIM2020 to 76278 and follow the instructions. This will give you access to the silent auction website, where you are able to place bids on all of the items in the silent auction. This is how you will continue to bid on silent auction items through the event.

For a list of all of the items to be auctioned, separated by category, visit www.concretedegree.com/auction/current-auction-items/.

Check back often as new items are added daily!

Questions or difficulties registering? Contact Nicole Maher at nmaher@nrmca.org or 703-706-4858 for assistance.
