

## ALLIANCE CONCRETE PUMPS, NORCAL KENWORTH AND KENWORTH TRUCK COMPANY DONATE A TRUCK-MOUNTED 38M CONCRETE PUMP TO THE CONCRETE INDUSTRY MANAGEMENT (CIM) ANNUAL AUCTION AT WORLD OF CONCRETE

**MSRP:**  
Concrete pump and truck combo  
**\$435,000**

### Kenworth T880 Series Chassis

**Model:** T880

**Wheelbase:** 290"

**Engine:** Paccar MX-13 455HP

**Transmission:** Allison 4500 RDS 6 spd automatic transmission

**Front Axle:** 20,000 lbs.

**Rear Axle:** 46,000 lbs. Ne-way air suspension

**Base Warranty:** 12 months/100,000 mile

With the introduction of a robust rotec pedestal and streamlined side panels and outriggers, this modern design has allowed for less overall weight — making this machine legal in more places. What did not change on this redesigned concrete pump was the simplicity, reliability and performance that has become synonymous with the Alliance Concrete Pumps name.

### The Leader in Concrete Pump Manufacturing

Alliance Concrete Pumps understands that large and small business owners don't want to spend time or money on expensive and complex maintenance often required by other brands of concrete pumps. They design their pumps with simplicity in mind, making sure you keep pumping and easily understand the equipment you maintain and operate.

**Easy to use | Outstanding performance | Reliable | Economical to operate | Retains high resale value**

#### GENERAL

Pipe Size (ID)	125 mm (5")
Boom Control	Proportional (by HAWE)
Radio Remote	Scanreco wireless dual transmitter system
Vibrator	Standard
Water Pump	Hydraulic Power 20 bar (290 psi)
Water Tank	800 L (211 G)
Wear Parts	Carbide

#### BOOM

Number of booms	4 Sections
Folding type	Z Fold
Vertical height	37.1 m (121' 9")
Horizontal reach	33.1 m (108' 7")
Unfolding height	8.9 m (29' 2")
1st Section	8.98 m (29' 5")
2nd Section	7.85 m (25' 9")
3rd Section	7.94 m (26' 1")
4th Section	8.33 m (27' 4")
Outrigger	X-Style
Front Spread	6.3 m (20' 8")
Rear Spread	7.0 m (23')

#### PUMP

Output	Rod Side	164 m³/h (215 yd³/h)
	Piston Side	102 m³/h (133 yd³/h)
Pressure	Rod Side	72 Bar (1044 psi)
	Piston Side	115‡ bar (1668 psi)
Concrete Cylinder Diameter	230 mm (9")	
Concrete Cylinder Type	Hard Chromed	
Stroke Length	2100 mm (83")	
S-Tube Size	9" x 7"	
Main Oil Pump	Rexroth hydromatic A11VLO260	
Hydraulic System Pressure	350 bar (5076 psi)	
Lube System (Hopper)	Automatic	
Switching System	Hydraulic	
Hopper Capacity	Easy Clean 600 L (158 G)	
Number of Strokes/Minute	31	
Output Control Range	10(13)~164m³/h (215yd³/h)	

## 2022 CIM Auction at World of Concrete

**Wednesday, January 19, 2022**

**Silent Auction:**  
11:00 a.m. – 12:45 p.m. PST  
in Room W103 in the West Hall

**Live Auction:**  
1:00 p.m. – 2:00 p.m. PST  
in Room W106 in the West Hall

# CONCRETE INDUSTRY MANAGEMENT (CIM) AUCTION: CONCRETE FACTS

## What is the CIM Program?

In early 1995, the concrete industry began efforts to create the first (and only) four-year degree program in Concrete Industry Management (CIM). The CIM Program is designed to combat the anticipated shortage of skilled managers needed to support the expected growth in the concrete industry. The program teaches students the skills and techniques needed to excel in all segments of the concrete and concrete construction industries. CIM also offers a unique Executive Master of Business Administration (MBA) degree in CIM. The program is designed to expand the industry-academic partnership by bringing CIM to the business world through an Executive-type MBA.

## What is the CIM Auction?

The CIM Auction consists of a live and silent auction, hosted by the CIM National Steering Committee (NSC), concrete industry-related items, as well as other items, will be auctioned off to the highest bidder.

## Who does the auction benefit?

All proceeds from the auction will benefit the efforts of the CIM NSC in support of the CIM Programs at Middle Tennessee State University, New Jersey Institute of Technology, California State University – Chico, Texas State University and South Dakota State University. Long-term, the CIM Auction will provide on-going support for the operation of world-class academic programs in CIM, as well as leverage government funds for research and educational initiatives that will benefit the entire concrete industry.

## Why should I get involved?

The success of the auction, as well as the CIM Program as a whole, depends on the time and commitment of the entire industry. Investing in the CIM Program is an opportunity for the entire concrete industry to unite in an effort that will provide long-lasting benefits while increasing the professionalism and image of the industry. In addition, with your involvement in the auction, your organization will gain exposure to thousands of companies in the concrete industry. Each and every segment of the concrete industry, from sales management and marketing to manufacturing and production, will benefit from skilled professionals entering the workforce. For more information, contact CIM Auction Committee Chairman Ben Robuck at [ben.robuck@cemex.com](mailto:ben.robuck@cemex.com) or 404-456-6867.
