

Tips for Promoting Your Donations to the 2023 CIM Auction at the World of Concrete®

THE NATIONAL STEERING COMMITTEE of the Concrete Industry Management (CIM) program appreciates your support of the CIM Auction. For the 2022 auction, the concrete industry donated more than 200 items, raising a record-breaking \$1.740 million in gross revenue for the CIM program.

To help get maximum value, may we ask you to help us promote your item to your customers and prospects? We are asking all companies that have donated an auction item to utilize their own internal marketing to help generate interest for the auction. This is important because:

- It helps raise awareness and interest in the auction.
- It ensures that the item you donated will generate a winning bid that is a fair value.
- It is an excellent way to have your customers recognize that your company is helping to support a very important program for the entire concrete industry.

Utilize CIM Auction Resources

The CIM Marketing Committee also developed a series of print and banner ads that can be used on your website or in company newsletters. These downloadable ads can be found on the CIM website here:
