

ALLIANCE CONCRETE PUMPS, NORCAL KENWORTH AND KENWORTH TRUCK COMPANY DONATE A TRUCK-MOUNTED 38M CONCRETE PUMP TO THE CONCRETE INDUSTRY MANAGEMENT (CIM) ANNUAL AUCTION AT WORLD OF CONCRETE

MSRP:
Concrete pump and truck combo
\$485,000

Kenworth T880 Series Chassis

Model: T880

Wheelbase: 290"

Engine: Paccar MX-13 455HP

Transmission: Allison 4500 RDS 6 spd automatic transmission

Front Axle: 20,000 lbs.

Rear Axle: 46,000 lbs. Ne-way air suspension

Base Warranty: 12 months/100,000 mile

With the introduction of a robust rotec pedestal and streamlined side panels and outriggers, this modern design has allowed for less overall weight — making this machine legal in more places. What did not change on this redesigned concrete pump was the simplicity, reliability and performance that has become synonymous with the Alliance Concrete Pumps name.

The Leader in Concrete Pump Manufacturing

Alliance Concrete Pumps understands that large and small business owners don't want to spend time or money on expensive and complex maintenance often required by other brands of concrete pumps. They design their pumps with simplicity in mind, making sure you keep pumping and easily understand the equipment you maintain and operate.

Easy to use | Outstanding performance | Reliable | Economical to operate | Retains high resale value

GENERAL		PUMP	
Pipe Size (ID)	125 mm (5")	Output	Rod Side 164 m ³ /h (215 yd ³ /h) Piston Side 102 m ³ /h (133 yd ³ /h)
Boom Control	Proportional (by HAWE)	Pressure	Rod Side 72 Bar (1044 psi) Piston Side 115‡ bar (1668 psi)
Radio Remote	Scanreco wireless dual transmitter system	Concrete Cylinder Diameter	230 mm (9")
Vibrator	Standard	Concrete Cylinder Type	Hard Chromed
Water Pump	Hydraulic Power 20 bar (290 psi)	Stroke Length	2100 mm (83")
Water Tank	800 L (211 G)	S-Tube Size	9" x 7"
Wear Parts	Carbide	Main Oil Pump	Rexroth hydromatic A11VLO260
		Hydraulic System Pressure	350 bar (5076 psi)
		Lube System (Hopper)	Automatic
		Switching System	Hydraulic
		Hopper Capacity	Easy Clean 600 L (158 G)
		Number of Strokes/Minute	31
		Output Control Range	10(13)~164m ³ /h (215yd ³ /h)
BOOM			
Number of booms	4 Sections		
Folding type	Z Fold		
Vertical height	37.1 m (121' 9")		
Horizontal reach	33.1 m (108' 7")		
Unfolding height	8.9 m (29' 2")		
1st Section	8.98 m (29' 5")		
2nd Section	7.85 m (25' 9")		
3rd Section	7.94 m (26' 1")		
4th Section	8.33 m (27' 4")		
Outrigger	X-Style		
Front Spread	6.3 m (20' 8")		
Rear Spread	7.0 m (23')		

2023 CIM Auction at World of Concrete

Wednesday, January 18, 2023

Silent Auction:
11:00 a.m. – 12:45 p.m. PST
in Room N263 in the North Hall

Live Auction:
1:00 p.m. – 2:00 p.m. PST
in Room N262 in the North Hall

For online bidding options,

CONCRETE INDUSTRY MANAGEMENT (CIM) AUCTION: CONCRETE FACTS

What is the CIM Program?

In early 1995, the concrete industry began efforts to create the first (and only) four-year degree program in Concrete Industry Management (CIM). The CIM Program is designed to combat the anticipated shortage of skilled managers needed to support the expected growth in the concrete industry. The program teaches students the skills and techniques needed to excel in all segments of the concrete and concrete construction industries. CIM also offers a unique Executive Master of Business Administration (MBA) degree in CIM. The program is designed to expand the industry-academic partnership by bringing CIM to the business world through an Executive-type MBA.

What is the CIM Auction?

The CIM Auction consists of a live and silent auction, hosted by the CIM National Steering Committee (NSC), concrete industry-related items, as well as other items, will be auctioned off to the highest bidder.

Who does the auction benefit?

All proceeds from the auction will benefit the efforts of the CIM NSC in support of the CIM Programs at Middle Tennessee State University, New Jersey Institute of Technology, California State University – Chico, Texas State University and South Dakota State University. Long-term, the CIM Auction will provide on-going support for the operation of world-class academic programs in CIM, as well as leverage government funds for research and educational initiatives that will benefit the entire concrete industry.

Why should I get involved?

The success of the auction, as well as the CIM Program as a whole, depends on the time and commitment of the entire industry. Investing in the CIM Program is an opportunity for the entire concrete industry to unite in an effort that will provide long-lasting benefits while increasing the professionalism and image of the industry. In addition, with your involvement in the auction, your organization will gain exposure to thousands of companies in the concrete industry. Each and every segment of the concrete industry, from sales management and marketing to manufacturing and production, will benefit from skilled professionals entering the workforce. For more information, contact CIM Auction Committee Chairman Ben Robuck at ben.robuck@cemex.com or 404-456-6867.
